Skills

I have worked on projects using technologies HTML, CSS, JavaScript, jQuery, Angular Framework, Ionic Framework, Java, JDBC, mySQL Server, Spring Boot Framework, Maven Build Tool, Bootstrap, Python.

I have end-to-end web & mobile application development (front-end, back-end, database) experience.

Apart from Technical Expertise I have excellent soft skills, team building, leadership, analytical thinking, interpersonal, oral and written communication skills.

Experience

May 2022 - July 2022

Capgemini Technology Services, Mumbai – *Consultant*

- ➔ De VolksBank (Netherlands) Project - Banking
    - ◆ De Volks Bank has tie-up or sub banks – SNS Bank, ASN Bank, Regio Bank, BLG Wonen for which I was responsible for styling and CSS part in which I worked in cross-functional teams.
    - ◆ Technologies Used: AWS, Restful APIs, ReactJS

January 2022 – April 2022

Cognizant Technology Services, Mumbai — *Software Engineer*

(Payroll from Unique Hire Consulting)

- Mobile Manulife Touch - Connecting with fellow team mates on technical aspects of the mentioned project
- Figma UI / UX Design Framework | Java | Oracle | System Design | Conversion of Web UI and Web App (Angular Framework Project) to Mobile App (Ionic Framework). Technologies I used were Photoshop, Miro Board and other best practices

August 2020 - December 2021

Reliance Securities, Thane – *Developer*

- SuperApp - Health | Wealth | Lifestyle | Education - Diversified
- Zeplin Designs - Brainstorming on User Experience and removing bottlenecks and backlogs after each sprint session using tools like jQuery, ExpressJS, MongoDB, nodeJS

July 2019 - March 2020

Sabado Technologies, Bengaluru – *Trainee*

- Vitality - In this project Ionic framework (Similar to Angular) was used for front-end design and development and using CORS the connectivity was established with Java, Spring Boot, JDBC, mySQL server, Oracle using Tomcat Server
- Minerva - GE Healthcare Project using MVC framework, database design, coding design patterns, OOPS concepts, CRUD operations, SDLC

July 2018 - Feb 2019

Sahu Technologies, Mumbai – *Web Developer*

I was involved in the development of these websites

freeshopping.in   ideapreneurindia.com   classlink.com

June 2015 - June 2015
